You forgot that letter your wife gave you to mail:

You forgot to send Uncle Jonas a bottle of his favorite "bit- ters" on his birth- day:

But you never forgot to wheel into the corner smoke-shop on your way to work:

You don't forget MEC- CAI

INDICTED FOR CHALLENGING FOR DUEL WITH REVOLVERS First Case of the Kind in Massachusetts for Over a Century.

Boston, May 7.—Zenophon Zakarou- is was indicted yesterday for having challenged George Katapoulos to fight a duel with revolvers in Franklin Park. It was said to be the first time the law against duels had been made the basis of a charge in this state in more than a century. The police, to whom Katapoulos referred the alleged challenge, say it grew out of the lat- ter's objections to Zakarou's atten- tion to his wife.

To Decide on Road Repairs.
At the coming special town meet- ing the voters are to be asked to pass on the question of putting up a road of gravel on the highway leading from four corners toward Williams- ville, and rolling it. There is a great deal of heavy traffic over this road, requiring that it be kept in good con- dition.

Fail to Carry Lights.
Horse drawn vehicles continue in use on the highways at night without showing any lights. This means acci- dents as the automobiles continue to increase in numbers on night trips and the probable placing of the blame on the car driver when something does happen. Car drivers have plenty to answer for without adding this extra risk to the dangers they face.

GARAGE BURNED.
Charles A. Tillinghast Loses Big Tour- ing Car in Building.

The garage of Charles A. Tillinghast and its contents, including a big tour- ing car, was destroyed by fire Sunday afternoon. The alarm came in from box 36 at 1:40. The Tillinghast place is outside the borough limits and while the fire department responded prompt- ly, there was not sufficient hose to reach the long distance, nearly a quar- ter of a mile, from the nearest hydrant to the site of the fire. The fire entirely consumed the garage and left the car a charred wreck. The fire developed so rapidly that Mr. Tillinghast was un- able to get the car out of the garage, although he might have succeeded in doing so had not the brakes on the car been set. The net loss by the fire will amount to several hundred dollars.

Warner, clerk of the Windham county superior court at Putnam, sent out notices today of a meeting of the Windham county bar to be held in Williamstown, Friday, May 12th, at ten o'clock, to set upon the applications of Archibald Macdonald, Jr., of Putnam; Harry L. WALLS TORN DOWN.
By Order of Architect of New Trade School Building.

Work at the Putnam State Trade School building has been making progress the past week. The walls that were laid have been torn down on in- structions from the architect because they were not better built according to specifications. The work of re- building has commenced. Chester E. Child, chairman of the building com- mittee, said Saturday.

The work is now being done more satisfactorily as the contractors are following speci- fications. They are not working as rapidly as we would like, but would much prefer for them to go slowly and do the work as it should be done."

The building should have been ready for machinery by April first, but from the present outlook it will not be ready for a couple of months yet.

TRIAL IN SEPTEMBER.
Condition of John Elliott Unfavorable To Earlier Appearance in Court.

The trial of John Elliott for the murder of Eurt Pettis and daughter, Sybil, will not take place before Sep- tember. State Attorney Charles L. Searls made the announcement when asked about the matter Saturday after- noon.

Mr. Searls pointed out that Elliott's condition is grave, so much so that it was necessary to perform a surgical operation for the relief of the injury to his head Saturday afternoon; that there is, of course, no means of know- ing whether the prisoner will die be- fore he can be brought to court for trial or whether in due course of time his condition will be normal.

Mr. Searls said that he could at this time give no definite informa- tion and bring together a grand jury to consider the evidence with a view to obtaining an indictment, but even though this action be taken, Elliott is all probability would not be able to appear in court for trial before the ad- judgment of the present term.

Should Elliott die, the state will be saved heavy expense.

In view of the state attorney's de- cision not to take up the case until September, Elliott is to be kept at the jail, closely guarded.
